

Wedding Photography Planning Worksheet

A Thomas Image wants customers to be at least 100% satisfied with all photography services and products. To achieve that end, there are many factors that determine what's required to meet your needs. Not only can you set your wedding photography budget at **A Thomas Image**, but Tom Szabo will help you evaluate services and products to stay within your budget.

Please put some thought into the scope of your wedding photography needs. Use this handy wedding photography worksheet to outline all the details of your wedding photography products and services. This will help address your wedding photography budget and determine photographer staffing requirements. Use the back of this worksheet or attach additional pages where necessary.

A confidential studio wedding services and product price list is available upon request.
